What We Are Learning

March is here Time is surely flying!

As we come to the end of our block study, I think it's safe to say we have learned and accomplished so much. The boys have really enjoyed exploring and building, and they have also been working hard on patterns – which they absolutely love!

Spring Break is quickly approaching, and I'm already going to miss them. When we return, we will begin our new study on The Human Body. I am so excited for this one!

We will continue our daily practice of writing first and last names, along with reviewing letters, numbers, and shapes.

The boys have come such a long way in such a short time. I am so grateful for each and every one of them.

For our upcoming family event, we are planning to have a picnic! My family will be joining us, and I am really looking forward to seeing all of the boys' families as well. I will let you know if anything is needed.

Thank you all so much for everything.
Mrs. Tenisha
